## **Supplier Information Questionnaire Instructions**

#### PLEAE READ CAREFULLY PRIOR TO COMPLETION

#### PURPOSE

J & E Hall International has a requirement to assess and continually re-assess the capabilities of its suppliers prior to placing contract/purchase orders. This questionnaire is the first step in assessing suppliers for Quality, Health, Safety and Environmental controls. Further assessments may be deemed appropriate including a site visit and Quality System Audit.

#### SAFETY CRITICAL/RELATED SUPPLIERS

Questions identified as SC go towards your Safety Critical Score

Suppliers to J & E Hall International whether direct or indirect have a responsibility to provide safe products/services and must comply with applicable standards.

J & E Hall International or it's Customers have, through the process of risk assessment, identified that the product and/or service which you will be supplying to the UK market is SAFETY CRITICAL and that measures are required to be undertaken to satisfy industry requirements, to supplying to the UK market is SAFETY CRITICAL and that measures are required to be undertaken to satisfy industry requirements, to ensure SAFETY CRITICAL products import no risk in the UK.

Your company must have certain controls in place to support the manufacturing integrity of the product.

This questionnaire may be followed up by a visit by J & E Hall International to explain more about the product, associated risk(s) and a systems audit to verify the suitability of controls.

#### GENERAL

The questionnaire is a mixture of 'Yes/No' type responses with 'key' points requiring a brief description of your controls or process

**All Yellow Fields Require A Response** 

#### SUPPLIER DETAILS

All suppliers are required to complete the "Supplier Details" information. Please ensure you select your appropriate classification from the drop down list.

#### QUALITY MANAGEMENT SYSTEM

All suppliers are required to complete sections 1, 2, 4, 5, 6 and 7. Manufacturing suppliers are required to complete all sections.

Please give details of any quality accreditations your company has, please include industry approvals.

#### QUALITY, HEALTH SAFETY & ENVIRONMENTAL

Please complete the section in full including details of any accreditations, restrictions or prosecutions.

#### SPECIAL PROCESSES

Please identify the Special Processes or Services your company can offer. The score is based on the controls not the range of special processes.

#### INSURANCES

Please state the types and levels of insurance your company has. Please provide copies of Insurance Certificates.

#### **REACH REGULATIONS**

All Suppliers are required to complete the REACH Questionnaire.

#### **MODERN SLAVERY ACT 2015**

All suppliers are required to complete the Modern Slavery Questionnaire.

The issue of Modern Slavery is a global problem and affects almost every supply chain. The spirit of the new legislation is to change the mind-set of companies and create a way of working so that it becomes increasingly difficult for any organisation involved in modern slavery or bonded labour to trade. By tackling these issues and working with suppliers to improve standards, this ensures compliance with the regulations through making positive changes and working to eliminate aspects of modern slavery over time.

The aim of J & E Hall International is to work collaboratively with suppliers to help reduce risk within the supply chain, while helping to reduce the impact of modern slavery around the world.

#### CYBER ESSENTIALS CERTIFICATE

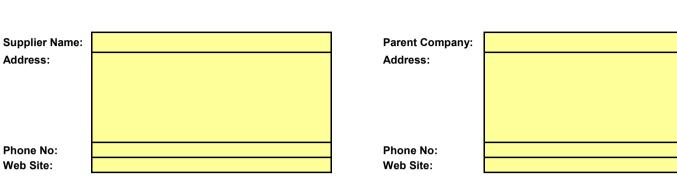

All suppliers are required to complete the Cyber Essentials Questionnaire.

#### **RETURN OF QUESTIONNAIRE**

All information exchanged in this process will be kept for J & E Hall International purpose only. Please attach all applicable copies of Certification & Policies along with any additional documentation that may be deemed applicable to J & E Hall International.
